## MARINE

The yacht Spray, Commodore Pickers, commanding, won the round-the-island race for the Governor's cup last night on time allowance. The Hawaii, sailed by Captain Lyle made the best actual time but the Spray finished well within her handicap of four hours. The Spray's arrival at the bell buoy at 9:07 last night was unexpected as the Hawaii left her hull down astern when she was off Bird Island at 3:15 yesterday afternoon and she was rapidly dropping behind. Commodore Pickers, however, seems to have hurried on the home stretch and while the Hawaii's crew was celebrating he slipped in and took the cup.

The yachts report the roughest weather ever experienced in the history of the island yacht races. From Wailanae around the windward side of Oahu they buried their noses into huge swells that threatened to overwhelm them. The plucky yachtsmen stuck to it though and finished the circuit in safety. The Hawaii had an accident on the run from Honolulu to Wailanae that caused her to lose time. The jib split and the topmast was carried away with the result that the Hawaii only gained twenty-six minutes on the run to the resort. Both boats left Wailanae at 8:30 yesterday morning and began the tedious work of beating up to windward for Kahuku Point. When that point had been rounded the yachts, close-hauled, reached down the coast. When Rabbit Island was passed the Spray was far behind. The Hawaii ran between Bird Island and the mainland but Commodore Pickers stated that he would not do that as he was unfamiliar with the channel. The Hawaii made the run from Wailanae to the Honolulu bell buoy in eleven hours and fifteen minutes while the Spray's time was twelve hours and thirty-seven minutes.

## MANY STEAMERS TODAY.

Today will be the busiest one the port has seen for some time for three of the biggest liners of three of the most important steamship lines on the Pacific will be in port at the same time. These are the Mongolia of the Pacific Mail line, due to arrive from San Francisco; the Oceanic liner Ventura, due from the colonies; and the Occidental and Oriental liner Doric, due from the Orient. It is probable that they will all depart today also, the Ventura and the Doric for the Coast and the Mongolia for the Orient. The Mongolia is so deeply laden that she will not enter the harbor but will lie outside, the passengers being brought ashore in tugs and launches. She has a big list for Honolulu.

## WILL BUILD BIG BARKENTINES.

Several five-masted barkentines are to be built in the East, probably at the Seaway yards at Bath, who have built all the full-rigged ships in this country in recent years. The designs for the vessels call for construction of steel 320 feet in length, 47 feet beam and 27 feet 9 inches molded depth, with a capacity of 5,400 tons deadweight on extreme draft of 25 feet. Water ballast tanks of 2,100 tons capacity will be installed, giving a draft of 15 feet in ballast trim. The vessels can be handled with a crew of twenty men, whereas a full-rigged ship would require at least thirty-five.

## DIX WILL HURRY.

Captain Humphreys received orders yesterday afternoon to rush the departure of the Dix and it is probable that she will sail Wednesday for Seattle. The coal will be discharged as rapidly as possible, gangs of men working day and night. It is not known whether the Dix is to take cavalry mounts to the Philippines or mules to the Canal zone. There is a dearth of both so that the transport may be going to either place.

## SHIPPING NOTES.

The British bark Drumcraig will begin discharging coal this morning. The bark Annie Johnson arrived from San Francisco shortly after noon yesterday and docked at the Irrigard wharf. She brings a big consignment of gas stoves but has a light cargo.

Owing to the fact that yesterday was a holiday the regular Monday steamers will sail today. The steamers departing today are the Kinai, for Hilo and way ports, Mauna Loa, for Kona and Kau, Maui for Maui, Likiep for Maui and Molokai, W. G. Hall and Ke Au Hou for Kauai and Kailua for Hawaii. The Kinai and Mauna Loa sail at noon, the others at 5 p. m.
